Certificate of Conformance

Rochester Electronics is an Authorized Distributor and Authorized Manufacturer for products we sell. Rochester Electronics and OCM distribution products are sold in full compliance to REACH, RoHS and other industry standards as specified by the OCM at their time of manufacture. We certify that products manufactured by the original component manufacturer are traceable. Products manufactured by Rochester Electronics are done so with the approval of the original component manufacturer and are 100% in accordance with the Rochester Electronics data sheet at time of production. These products are further certified to be new, unused and NOT refurbished.

The undersigned certify that the devices shipped on this order comply with the applicable specification and all associated standards and drawings as specified and agreed to on the contract, including JESD31 and JESD625 latest issue, or as specifically noted. Military certified devices will include a Certificate of Conformance from the original manufacturer. It is understood that the recording of false, fictitious or fraudulent statements or entries on this document may be punishable as a felony under Federal Statute.
